

ON THURSDAY. January 24 party of Willoughby Society members went to the Belgrade Theatre at Coventry and saw the opening performance at Agatha Christie's 'Murder at the Vicarage.' it proved to be an evening enjoyed by all who went.

On Wednesday, January 30 the Society held its first meeting of the New Year. Some 50 members were both instructed and amused by Mr Stephen Church from "Churchs China Shop" who took as his subject "Design in China". Members were amazed at the dos and don't connected with the design of such everyday things as tea-pots, cups and saucers design plates, and certainly came from the meeting with a lot of things to consider when next buying porcelain ware. The very warm and amusing vote of thanks was proposed by Roy Whitfield.

tam ware.
amusing vote
